

TIMOTHY S. STEWART

SENIOR FRONT-END DEVELOPER

Experience

July 2017 – **Remote Freelance Developer**
Dec 2018 *Traveled the world, visiting 14 countries while working remote.*

January – **Freelance UX Developer**
July 2017 *INNOCEAN USA*

Worked in a team of UX Designers / Developers to transform Sketch Layouts into deployment ready prototypes for Hyundai USA. Technologies included HTML 5 / Pug, CSS3 / SCSS, JavaScript, jQuery, Bootstrap, Yeoman, Gulp, and GIT.

2015 - 2016 **Senior Web Application Developer**
Rhythm

Worked closely with designers to develop WordPress and Drupal themes. Built, maintained, and debugged various web sites. Created responsive HTML Emails and deployed them using various email service providers such as ExactTarget, MailChimp, and Adestra. Regularly worked with HTML5, CSS3, JavaScript, jQuery, PHP, WordPress, Drupal, Bootstrap, and GIT.

2014 - 2015 **Lead Programmer // Full-Stack Developer**
TRAFFIK Advertising

Led a team of developers to code lead generation pages with HTML5, CSS3, JavaScript, jQuery and PHP / MySQL. Task also included creating custom themes for WordPress, building eCommerce sites powered by WooCommerce, and developing web applications using AngularJS. My other responsibilities included configuring our local / dev / live environments, manage add-on domains, installing SSL certificates, managing the web hosting environment in cPanel/WHM.

2008 - 2014 **Senior Front-End Developer**
Apollo Interactive

Developed websites that were optimized for all major browsers using hand-coded HTML5, CSS3, and PHP. Working closely with account managers, designers, and programmers to develop complete website redesigns, microsites, landing pages, emails, mobile/responsive websites, and daily updates for a variety of clients such as: Jack in the Box, Curves, Chuck E. Cheese, Wingstop, CPK, Wellpoint, Original Tommy's, Stage Stores, and Extraco Banks.
